JANUARY 25 – 29, 2010

TUITION: \$895

MODULE 2: BASIC AND ADVANCED FIRE FIGHTING (COMBINED)

This course combines Basic Fire Fighting and Advanced Fire Fighting into a 5-day format. The Basic portion of the course includes classroom training, followed by "hands-on" use of equipment. It will enable the deck officer to plan for and combat on board fires and emergencies. Actual fire fighting is done using a variety of equipment and techniques. This portion of the course meets the requirements reflected in STCW'95 Section A-VI/1, Table A-VI/1-2 and Part C, 46 CFR for the basic fire-fighting component for original license.

This course also satisfies the STCW'95 Code's advanced fire-fighting requirements for the STCW95 Code, and Part C, in 46 CFR for original license by providing instruction in fire fighting techniques and control of fire fighting operations with emphasis on organization, tactics, and command functions.
