

STCW TRAIN THE TRAINER

MARITIME INSTITUTE OF TECHNOLOGY AND GRADUATE STUDIES-PACIFIC MARITIME INSTITUTE

Course Description

This 40 hour course is designed for instructors who will be responsible for the conduct of IMO model courses and USCG approved courses. This course is based on the Qualified Instructor requirements as set forth in USCG Navigation and Vessel Inspection Circular No. 6-97, Policy on Qualified Instructors and Designated Examiners Who Train or Assess the Competence of Merchant Mariners. The material for this course is from the IMO model course, 6.09, Training Course For Instructors.

Participants successfully completing this course will be capable of undertaking all of the responsibilities expected of instructors within their field of expertise. They will be able to develop training objectives appropriate for adult learners, select the most appropriate learning processes and develop the means of evaluating the training process.
